September 20, 2016

Dear Neighbor,

This letter provides our monthly update on activities related to construction work on the Pacific Ridge project.

The 19 lot Phase I improvements, including streets, sidewalks, streetlights, storm drain and sewer systems, have been completed.

Various grading activities beyond Phase I will continue into October and possibly November, at which time we expect to have the 2016 – 2017 erosion protection measures in place, and rough grading operations completed for the year.

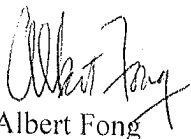

The contact person for matters related to construction activities is site superintendent Melvin Dixon at telephone: (925) 292-9134 or e-mail: [PacificRidge@melvinpm.com](mailto:PacificRidge@melvinpm.com).

Even though the streets are now paved, please remember that only construction workers are authorized to enter the project site.

Thank you for your continued interest in the Pacific Ridge project.

Sincerely,

AILANTO PROPERTIES, INC.

Albert Fong  
President
