June 27, 2017

Dear Pacific Ridge Neighbor:

I am writing to update you on Edenbridge Homes' schedule for construction at Pacific Ridge. We are now preparing to pour new home foundations and start framing in the upper project cul-de-sac, Red Hawk Court. As part of this work, we will be bringing concrete and lumber delivery trucks up Terrace Avenue one or two days per week this Summer. Our anticipated July dates for these deliveries are as follows:

Week of July 10-14: Concrete Truck Deliveries for Foundations (1-2 Days)

Week of July 17-21: Lumber Truck Deliveries for Framing (2 Days)

Week of July 24-28: Concrete Truck Deliveries for Foundations (1-2 Days)

Week of July 31-August 4: Lumber Truck Deliveries for Framing (2 Days)

Edenbridge Superintendent, Doc Davis, will continue our efforts to ensure safe speeds for all subcontractors and suppliers using Terrace. Please contact me with any questions or concerns regarding our work at (669) 231-4243. I appreciate your patience with us, as we bring these materials to the project.

Sincerely,

A handwritten signature in cursive script that reads 'Eric'.
